

Agggghh!

Costly Leak Damage Can Be Avoided!

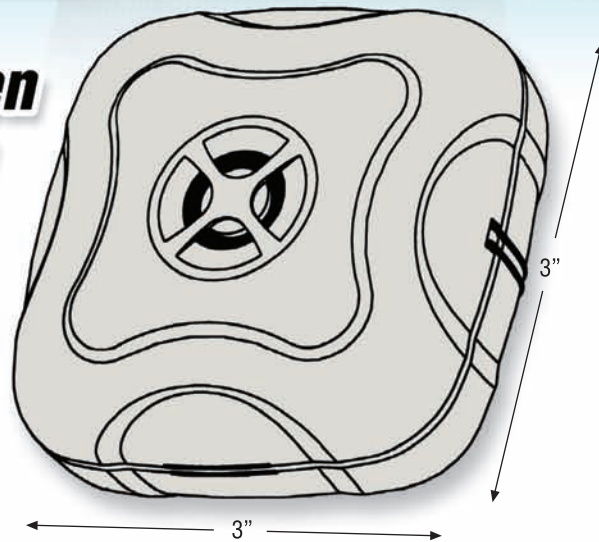

Hear Leaks When They Happen!

*Leaks can be hard
to see, until the
damage is done.*

Use **LEAK SHREAK**
anywhere leaks can happen –
under sinks, behind washing
machines, next to water heaters and sump pumps.

LEAK SHREAK will sound a loud 95+ db alarm to alert you when water is present.

Attractive, compact design fits almost anywhere excess water may occur.
Runs on 9V battery with low battery alert.
