

Job Name: _____

Job Location: _____

Contractor: _____

Engineer: _____

Approval: _____

2" Wax Urinal Gasket

Design Features:

- Urethane Reinforced
- Will Not Dry or Deteriorate
- Fits on Outlets on Wall Mounted Urinals
- Forms a Watertight, Gas Tight and Odor Tight Seal
- Domestic

Installation Instructions:

Step 1: Be sure gasket is at room temperature (~70° F)

Step 2: Press gasket onto horn outlet of urinal

Step 3: Set urinal in place and twist gently to spread wax evenly making a tight seal

Step 4: Tighten flange bolts carefully to prevent cracking or chipping of the urinal
