EZ-Fix Boiler Plugs

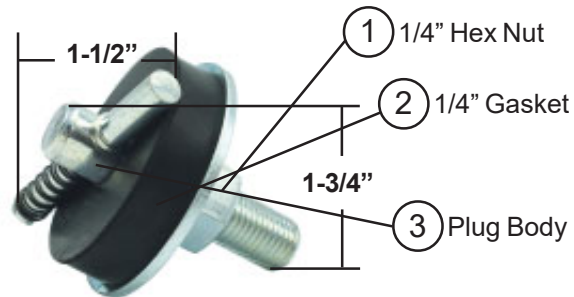

Design Features:

- Steel Construction
- 1/4" Thick Gasket
- 1-1/2" Diameter
- Toggle-Style Plug
- Imported

Use: Toggle-style plug fits into hole in boiler jacket, then creates a seal when tightened.

Instructions:

1. Enlarge hole to allow insertion of toggle.
2. Tighten hex nut to compress gasket and create a leakproof seal.

Material Specifications		
No.	Part	Material
1	1/4" Hex Nut	Steel
2	1/4" Gasket	Rubber
3	Plug Body	Steel
