## High-Temperature Gasketing Material

### Design Features:

- 1/16" Thick
- Non-Asbestos
- Suitable for 150 lb. Flange
- Good Sealability
- Excellent Chemical Resistance

### Operating Specification:

**Max Temp:** 500° F

**Tensile Strength:** 1750 psi

### Material Specifications:

- Synthetic Fiber
- Nitrile Binder

W-R#	Description	Weight
1904002	60" x 60"	17.70 lbs.*
1904004	30" x 30"	3.802 lbs.

\*Weight includes shipping box
